What'S New For 2017 Subaru WRX

EyeSight[®] Driver Assist Technology available for the WRX Limited (with Sport Lineartronic transmission) in a package that also includes Navigation and Blind Spot Detection, Lane Change Assist, Rear Cross Traffic Alert and Reverse Auto Braking. Comprehensive package also includes harman/kardon[®] amplifier and 9-speaker premium sound system plus Keyless Access and Push-Button Start with Pin Code Access.

Models equipped with EyeSight also come with Steering Responsive Fog lights that activate the left or right fog light independently, depending on the vehicle speed and steering angle, to provide enhanced illumination in the direction of the turn. The fog lights are pre-aimed for maximum coverage.

New tricote headliner in all models.

Base WRX STI adds auto on/off headlights in auto mode position with windshield wiper operation (previously only on Limited).

Power window auto up/down function on both the driver's and front passenger's windows with anti-pinch protection standard on all trim levels.
