### SUBARU OF AMERICA, INC. ANNOUNCES EPA FIGURES FOR 2010 OUTBACK

*Subaru Outback Wagon Achieves 29 mpg Hwy  
Offers Better Fuel Economy Than Many Front-Wheel Drive Competitors*

Cherry Hill, N.J., Jun 28, 2009 - Subaru of America, Inc. today announced the EPA fuel economy results for the all-new Outback. Specifically the Outback 2.5i CVT now exhibits better fuel economy (EPA combined) than such competitors as the Toyota Camry. "The all-new 2010 Subaru Outback combines great on- and off-road capability, comfortable space, incredible cargo carrying capacity. With its unique Boxer engine, segment-leading 8.7 inches of ground clearance, standard Symmetrical All-Wheel Drive and
