- BRZ is All-New for 2022

Camden, N.J., Nov 19, 2021 - Subaru of America, Inc. today announced that the 2022 Subaru BRZ was included as a top vehicle in the Car and Driver 2022 10Best list.

Car and Driver awarded BRZ with this distinction for its all-around value, mission fulfillment, and road manners, noting that Subaru developed the rear-wheel drive sports car into a formidable sports car while retaining its essential qualities.

"Car and Driver is a renowned automotive publication, and we are honored that their experts recognize the performance of the BRZ," said Thomas J. Doll, President and CEO, Subaru of America, Inc. "This recognition instills the reliability and value of our pure sports car embedded with Subaru DNA."

The Car and Driver 10Best list recognizes vehicles that live up to their purpose while delivering incredible value and a great driving experience. Award recipients include significantly updated vehicles with a base price below \$90,000. Celebrating its 40th year, the Car and Driver signature 10Best award remains highly competitive, with 67 contenders this year.

The all-new 2022 BRZ is powered by a new 2.4-liter (naturally aspirated) 228 hp SUBARU BOXER® engine paired with a six-speed close-ratio manual transmission or a six-speed electronic direct-control automatic transmission. Available now at Subaru retailers nationwide, the second-generation BRZ offered in two trim levels, Premium and Limited, and has a starting price of \$27,995.
