SUBARU SOLTERRA EV ADDS TESLA SUPERCHARGING ACCESS THROUGH SUBARUCONNECT APP

- More than 25,000 Superchargers now available to Subaru Solterra EV owners
- 2026 Subaru Solterra EV models can use Plug & Charge to seamlessly charge
- Genuine Subaru Accessory Fast Charging Adapter (NACS) for 2023-2025 Solterra models available soon through Subaru retailers

Camden, N.J., Oct 22, 2025 - Subaru of America, Inc., announced today all owners of Subaru Solterra models now have easier access to more than 25,000 Tesla Superchargers across North America for convenient and fast charging. Additionally, through SubaruConnect, owners of 2026 Subaru Solterra EV models can easily charge their vehicles through the "Plug & Charge" functionality, which automatically recognizes the vehicle and initiates charging.

The 2026 Subaru Solterra EV is equipped with the North American Charging Standard (NACS) port, which is compatible with applicable Tesla Superchargers. This fall, owners of 2023-2025 Subaru Solterra EV models can purchase a Genuine Subaru Accessory Fast Charging Adapter (NACS) to access more DC fast-charging stations, including Tesla Superchargers. Subaru will communicate with owners on adapter availability once more information is available. Subaru recommends the use of a Genuine Subaru Accessory Fast Charging Adapter (NACS) for safe and efficient charging performance.

Through the SubaruConnect app, Solterra owners can set up payment methods for charging and search for available stations through the Find Stations Map. Owners of 2026 Subaru Solterra EV models can automatically initiate battery preconditioning when navigating to a DC fast charger using the onboard cloud-based navigation system, or they can do so manually through the touchscreen menus in the vehicle. The 2026 Subaru Solterra EV can charge up to 80% in about 28 minutes, even in cold weather, thanks to the preconditioning system. The all-new 2026 Subaru Solterra EV offers up to 288 miles of range and is available at retailers nationwide. For more information about the SubaruConnect app, visit [Subaru.com](https://www.subaru.com) or access the app [here](#).

About Subaru of America, Inc.

[Subaru of America, Inc.](#) (SOA) is an indirect wholly owned subsidiary of [Subaru Corporation](#) of Japan. Headquartered in Camden, N.J., the company markets and distributes Subaru vehicles, parts, and accessories through a network of about 640 retailers across the United States. All Subaru products are manufactured in zero-landfill plants, including [Subaru of Indiana Automotive, Inc.](#), the only U.S. automobile manufacturing plant

designated a backyard wildlife habitat by the National Wildlife Federation. SOA is guided by the [Subaru Love Promise®](#), which is the company's vision to show love and respect to everyone and to support its communities and customers nationwide. Over the past 20 years, SOA and the SOA Foundation have donated more than \$340 million to causes the Subaru family cares about, and its employees have logged over 115,000 volunteer hours. Subaru is dedicated to being More Than a Car Company® and to making the world a better place. For additional information, visit [media.subaru.com](#).
