SUBARU OF AMERICA CONTINUES TO “LOVE PETS” THROUGH SEVERAL OCTOBER INITIATIVES

Throughout the month of October, Subaru will support various programs to help protect and improve the quality of life for pets across the country

Cherry Hill, N.J., Oct 28, 2015 - This October, Subaru is rolling out its "Subaru Loves Pets" initiative, part of the brand's Love Promise philanthropic platform, dedicated to supporting causes that are meaningful to its customers. While the initiative is year-round, specific months highlight key causes. October focuses on Subaru's commitment to pet safety and well-being, and the brand will work with several dedicated and highly regarded animal welfare organizations that help share a call-to-action for animals in need.

Center for Pet Safety Pet Travel Seat Pilot Study

Subaru recognizes the importance of keeping the entire family safe on the road, including our beloved pets, which is why Subaru sponsored several studies conducted by Center for Pet Safety (CPS), a non-profit research and consumer advocacy organization, to crash test the effectiveness of pet products most commonly used by pet parents when traveling. Phase one tested pet harnesses, phase two tested pet crates and carriers, and now, phase three has tested pet travel seats. A pet travel seat is typically used in a vehicle to hold or elevate the pet, but does not offer full containment. The Pet Travel Seat Pilot Study found that while a pet travel seat may offer distraction prevention, it will likely not offer crash protection in the event of an accident, which could lead to injury of the pet and the human vehicle passengers. To find out more about the crash testing or browse top performing products and CPS Certified products, visit www.CenterforPetSafety.org.

The 4th Annual ASPCA 'Mega Match-a-thon'

In its continued support of the ASPCA® (American Society for the Prevention of Cruelty to Animals®), Subaru sponsored the Fourth Annual ASPCA 'Mega Match-a-thon' event. During one of four weekends (Friday through Monday) from October 2-26, 2015, 16 animal welfare organizations held community adoption events at locations across the country, including select Subaru retailers, with the goal of finding homes for more than 4,800 dogs and cats. Many of the 16 organizations are also teaming up with other shelters in their community, giving even more animals a chance to find loving homes. Pilots N Paws

Subaru once again partnered with Pilots N Paws to help rescue hundreds of shelter animals that were surrendered in

the Southeast United States. During the recent rescue airlift events, held earlier this month, dozens of pilots flew private airplanes to transport more than 400 animals to areas around the country where the animals will be placed in permanent homes. In addition to the pets that were flown out to find new homes, Pilots N Paws provided much needed support to help those animals displaced during the flooding that ravaged South Carolina. Local area pets were given a safe haven to go to until they could ultimately be reunited with their owners. Subaru supported this important effort by transporting volunteers and dogs, as well as assisting in preparing the dogs for their journey to safety. Pet Philanthropy Circle – 2015 Pet Hero Awards

The Pet Philanthropy Circle's mission is to save and enhance the quality of animal lives by promoting greater public awareness of their welfare and the causes that protect them. One way they accomplish this is through the Pet Hero Awards. Subaru has been sponsoring this event since its inaugural year and will continue the partnership with the 4th annual Pet Philanthropy Pet Hero Awards being held on October 30th in New York City. The Pet Hero Awards celebrate individuals, associations, professionals, pets and business organizations that demonstrate a commitment to improving and protecting animal lives. Animals are also celebrated for their good deeds, including: therapy, search and rescue dogs and more. "Pets are a very important cause to us as the majority of Subaru owners are pet parents, with over 69 percent of them owning at least one dog," said Alan Bethke, Subaru of America's vice president of marketing. "We are constantly working with amazing organizations that dedicate their time and efforts to the well-being of our pets. We are excited to be supporting various efforts this month and truly highlight the Subaru Loves Pets initiative."
